

# Forearm Rest HANDY, large

---

Far superior ergonomic support to wrist/palm rests

## Ergonomic benefits

- + HANDY Forearm Rests are ergonomically far superior to wrist rests because they give support to the whole Forearm, not only to the wrist.
- + Thanks to the centre hollows of the forearm rests, pregnant women find PC work much more comfortable using Forearm Rests than by needing to stretch out to support their arms on a desk

## Other benefits

- + Padding makes the rests more comfortable than hard surfaces.
- + Additional desk space is gained since the rests are not integral with the desktops. HANDY can also be attached to fill desk corners.
- + Quick and easy attachment to desks - no tools necessary.
- + Attachable to all typical desktops, as well as to desks with frames beneath the edges – the attachment bows go under the frame.
- + Forearm Rest Handy is space saving, easy to install and fits to all desks.

HANDY Forearm Rests give support to the whole arm and are therefore ergonomically superior to wrist rests that support only the wrists

12000-06 Forearm Rest HANDY, large, fabric cover, black

## Environment-friendly materials

- + The wooden board used under the padding is made of FSC certified material. The Forest Stewardship Council certificate means that wood has been sourced in an environment-friendly, socially responsible and economically viable manner.
- + The steel of attachment bows is fully recyclable. The powder coating of attachment bows emits zero or near zero VOCs (volatile organic compounds).

## Dimensions

- + 670 x 230 x 20 mm

Suitable desk thickness: with standard bows 25 +/- 2 mm, with Z bows 10 - 27 mm
